

Participate in hands-on science exploring the world of space

An opportunity to attend local monthly meetings to learn about flying and space. *Build gliders, hot air balloons and rockets. Launch them all in the Spring and see how high they go!*

Who?

Students ages 9-14

Must be 9 by May 4, 2014

What and Where?

A chance to go to the U.S. Space and Rocket Center in Huntsville, AL for a week of astronaut training May 2014. *Experience the simulators real NASA astronauts use, see actual rockets and take part in a mission.*

**Informational Meeting for Parents and Students
Thursday, October 24th 7:00-8:00pm
Matthews Park Community Center**

2309 28th Ave S

Reach for the Stars is a Minneapolis-based nonprofit organization. Our mission is to enhance the learning experiences and improve the achievements of Minneapolis students in grades 4-8. We accomplish this by building strong partnerships with schools, families, corporations, and community organizations.
